Re: Off-Site Rule Acceptability Determination
Onyx Zion Landfill, Inc.
IEPA 097802 0002

Dear Mr. Lewis:

This letter is in reply to the October 13, 2000 letter to Mr. William Damico regarding the Onyx Zion Landfill, Inc. request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (a) (4), my staff has determined that no relevant violations or releases currently exist at Onyx Zion Landfill, Inc. Therefore, Onyx Zion Landfill, Inc. located at 701 Green Bay Rd., Zion, Illinois is acceptable to receive non-hazardous wastes from CERCLA sites at the cells which meet the minimum technology requirements for subtitle-D landfills.

The acceptability determination is based on the assumption that only non-hazardous waste for which Onyx Zion Landfill, Inc. is properly permitted will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely yours,
